Malcolm Dalglish (US)
brings his original
music for folk choir
and hammer dulcimer
into a third tour with the
internationally renowned
Young Voices of Melbourne.

Joined by percussionist Peter Jacob and pianist Julia Piggitt these prolific performers and recording artists present *Into the Sky*, a soaring spiritual feast of voices in praise of the sky lifting your imaginations skyward into the limbs, leaves, wind and stars.

Malcolm Dalglish is a US composer and master of the hammer dulcimer who combines his love of folk music with his love of the human voice in his uplifting folk choir music.

Into the Sky

With five international tours, six Cd recordings and twelve Australian tours to its credit, Young Voices of Melbourne is one of Australia's finest young choirs.
